

How can something so small grow into something so big?

Henrique is so curious when he discovered that a small acorn has fallen to the ground. This leads to a discussion about how the children are all going to be taller than their teachers someday!

Learning our letters can be done in SO many ways!

Check out these two letter activities that Room 3 has done using Q-Tips and buttons!

"I'm gonna color this letter orange!"-Marlow

Learning Together

Group time is one of our favorite times of the day at Teddy Bear Preschool. The children in Room 1 love taking turns adding to their classroom calendar and weather chart.

"Today it's both cloudy and sunny!" -Charlie

They also enjoy singing "The Days of the Week" song in the style of the Addams Family Theme song!

Celebrating the little accomplishments together.

Oliver and Mia celebrate as they work together to stack the narrow blocks on top of each other. This is a great way for them to work on their cause & effect skills as well as their focus and attention.

"I'm going slow so that I don't knock it over". -Oliver

"We did it together!"-Mia

Parent Corner

Separation Anxiety

Being separated from your loved ones is hard. You love them so much that you can't help but miss them throughout the day.

Here is just one way that we help our students get through the day, by introducing a visual schedule!

Come to School	
Indoor/Outdoor Play	
Circle Time	
Morning Snack	
Outside Play	
Lunch	
Rest/Nap time	
Afternoon Snack	
Indoor/Outdoor Play	
Pick-Up Time
