

'Twas the week before  
break and all through  
the school, the walls  
were filled with fun  
projects. Wow, they're  
so cool!

Room 1 children use chairs to  
have a pretend party of  
slumber, while making holiday  
crafts full of imagination and  
wonder!

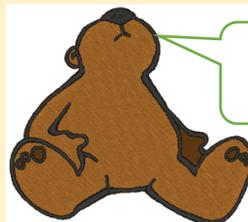

From mittens to Christmas trees for them  
to explore, once brought together to make  
awesome classroom decor!

Room 2 learned together on how to  
play with a dreidel, it takes a lot of  
fine motor and skills to be able!

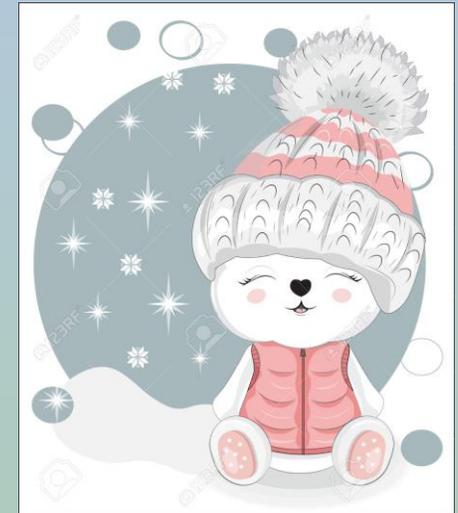

Their room is filled with glitter  
from left and to right, just look  
at their display, so beautiful and  
bright!

WOW!

"I'm making candles for my Menorah!"

-Claire Bear

Room 3's decorations are one to admire, from Menorah's, stars and ornaments to inspire!

Come check out these reindeer, they are ever so tame! That is because they are made from the letters of the children's names!

Room 4 made this explosive display that the children call, "Amazing," using stamps and paint that the children loved and are embracing!

It just goes to show that Rique and James are such great pals, especially playing together with the animals!

# Happy Holidays from Teddy Bear Preschool!

I hope everyone has a joyous holiday!
