

## Room 1

*Space... the final frontier. These are the voyages of Teddy Bear Preschool, its 1-month mission... to explore strange new worlds... to seek out new life and new civilizations... to boldly go where no child has gone before!*

We are having a blast exploring our solar system! From the different characteristics of each planet to the many tools that astronauts and astronomers use. Here we have Room 1 students learning about our brightest planet, Venus, and about our littlest planet Pluto!

## Room 2

Our family collages are just one of the many diversity projects that we do at school. It's a great way to learn about each other's family and to see how similar and different we are!

"Earth is where we live! There is more water than green land. We have to let the glue dry before we can take this project home!"

-Kingsley

Marlowe rolls a number die and it lands with 3 dots facing up:

"That's 1, 2, 3 dots that means I move 3 dots up! Now it's your turn Hendrix!"

## Room 3

### Limitless sensory activities!

From getting hands deep in blue-colored shaving cream to exploring different types of succulents, Room 3's sensory exploration is a great way to work on writing skills, learn about biology and expand artistic creativity!

## Room 4

"I'm being careful Ms. A!" says Owen as he walks slowly with the filled cup of water in his hand.

Emmis concentrates as he focuses on how many popsicle sticks he can stick into the playdough.

Bella smiles as she and another classmate are taking turns with the cars.

## Parent Corner

### Edible Sensory Activities to do at home!

1. Dry pasta! Add scoops and cups for lots of play!
2. Make an indoor sandbox with pantry items, like oatmeal!
3. Cornmeal is also a great substitute for sand when you're stuck indoors.
4. Build a sandcastle out of brown sugar - it's super moldable!
5. Shaving cream and watercolor paint (Like Room 3).
6. Apple sauce and cornstarch to make edible putty. (Nutella and cornstarch work too!).
7. Tapioca/Boba beads are fun to count and eat at the same time!
